

SUMMER TASKS – GCSE TO A LEVEL TRANSITION

Subject: A Level Maths

Title: Integral introduction to A level Maths (website)

Tasks:

- Go to <https://amsp.org.uk/transition-to-a-level-mathematics-course/>
- Read through the information
- Near the end of the page, click the link **Individual Student Registration form**

How do you access the course?

This course is hosted by MEI's Learning Platform, **Integral**, and requires an individual login to gain access and allow progress to be tracked.

If you are a teacher, please follow the steps below to access the course and assign it to your students:

Teachers at schools and colleges within England can sign up for student accounts by completing this **Teacher registration form**.

This means that teachers can monitor their students' progress and have access to their students' assessments for each the topics.

If you are a student, you can sign up by using the form linked below:

Individual student registration form for free access if a school or college does not sign them up.

Students will have access to the course via Integral for 1 year.

- This will take you to myMEI, click Sign In to register for an account. They recommend using a school or college email, but you need an email account that will stay active over the summer, so it may be best to use your personal email.

Welcome to myMEI

This is the sign-in page for **myMEI**, our new portal.

To complete this form, you'll need a myMEI account.

⚠ Please note:

- This is *not* the same as your course/event booking account.
- This is *not* your Integral login.
- myMEI requires its own account.

Please create your account using your **school or college email address**.

Please sign in or create an account below

Sign-in

- You will need to enter your details. For contact type put Student, for teacher reference number put N/A, and for Organisation put York College
- You then need to get back to the registration form for the Transition to A Level Courses. You can do this by clicking "Back to previous form" on the Profile page, or go back to the **Individual student registration form** link from the initial webpage linked above

Back to previous form

- You should see this heading

Integral Resources

Core Maths Skills and Transition to A Level courses - Student Only
Account

- Then at the end of the page you will need to select your chosen Integral course **Transition to A level and Core Maths Skills (Individual Student)** and check the Terms and Conditions

1 Details

Access Required

Please confirm your chosen Integral course *

Transition to A level and Core Maths Skills (Individual Student)

Terms and Conditions

I confirm that I have read, understood and agree to all terms and conditions *

By ticking this box, you are accepting our Terms and Conditions and Privacy Notice.

☒

Submit

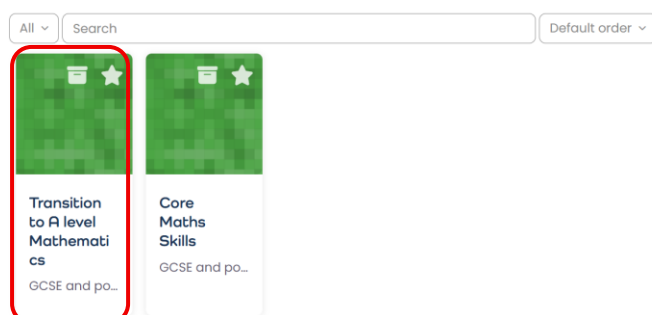

- You will then receive an email confirming your Student Integral Resource subscription. Within this email you will see a link to access Integral, and your username. **You will need to use the forgotten password function the first time you sign in.**
- You will receive another email with a web address to set your password. Once you've done that you are ready to use Integral!
- It should take you straight to the main page, but if not you can use the **Integral** link from the initial webpage linked at the top of this document, sign in using the username given in the email and the password you have just set
- The first time you sign in, an interactive tour should appear, explaining how to use the Integral website. Complete the tour, then click on Transition to A Level Mathematics, which will take you through the transition work

Welcome to Integral!

If you are new, please refer to the page **Navigating Integral** under the **Using Integral** menu to learn how to navigate your way around.

My courses

> GCSE and post-GCSE

- This will take you to a welcome page with a video to watch. After watching the video, you should be able to see the list of topics. You should review all of the topics available but do not need to complete every task within each topic.
- We hope completing these tasks will prepare you for a successful start to A Level Maths in September!
- If there are any issues signing up or you need help with this process, you can contact Hannah Pinch from MEI, email: hannah.pinch@mei.org.uk phone number: 01225 983 767
- In September you will receive a new username and password for Integral, with access to the A Level Maths content, which you will use throughout your time at York College
