- If the course applied for is undersubscribed (with the result that its delivery is not viable for the College or its students) or oversubscribed or if the College is, for whatever reason, unable to deliver the course or programme applied for.
- If an applicant has a criminal conviction which prevents them from undertaking the course.
- If the applicant has specific physical, medical, social or curriculum needs which the College considers, in its reasonable opinion, that it is unable to meet.

All applications must be made directly to the College using the online application available on our website. In exceptional circumstances a paper form can be provided, especially where students are experiencing difficulty accessing IT facilities. These are available from York College, or you can download a form from our website by visiting: <http://www.yorkcollege.ac.uk/apply>

1.3 When to apply

You can apply from the beginning of the Autumn term for the next academic year. We will start processing applications from October. There is no fixed deadline for applications, however we would advise that you send in your application as soon as you can as applications for courses can be stopped when capacity is reached.

Proof of English Language proficiency will be required at IELTS level 6.0.

Applications need to be submitted via an approved agency. In exceptional circumstances where an application is submitted without an agent and deemed viable Admissions and International Team an application fee of £300 will be charged for your application to be processed. This fee does not guarantee you entry to York College. As part of your application, you may be asked to submit further information to assess funding and equivalent qualifications.

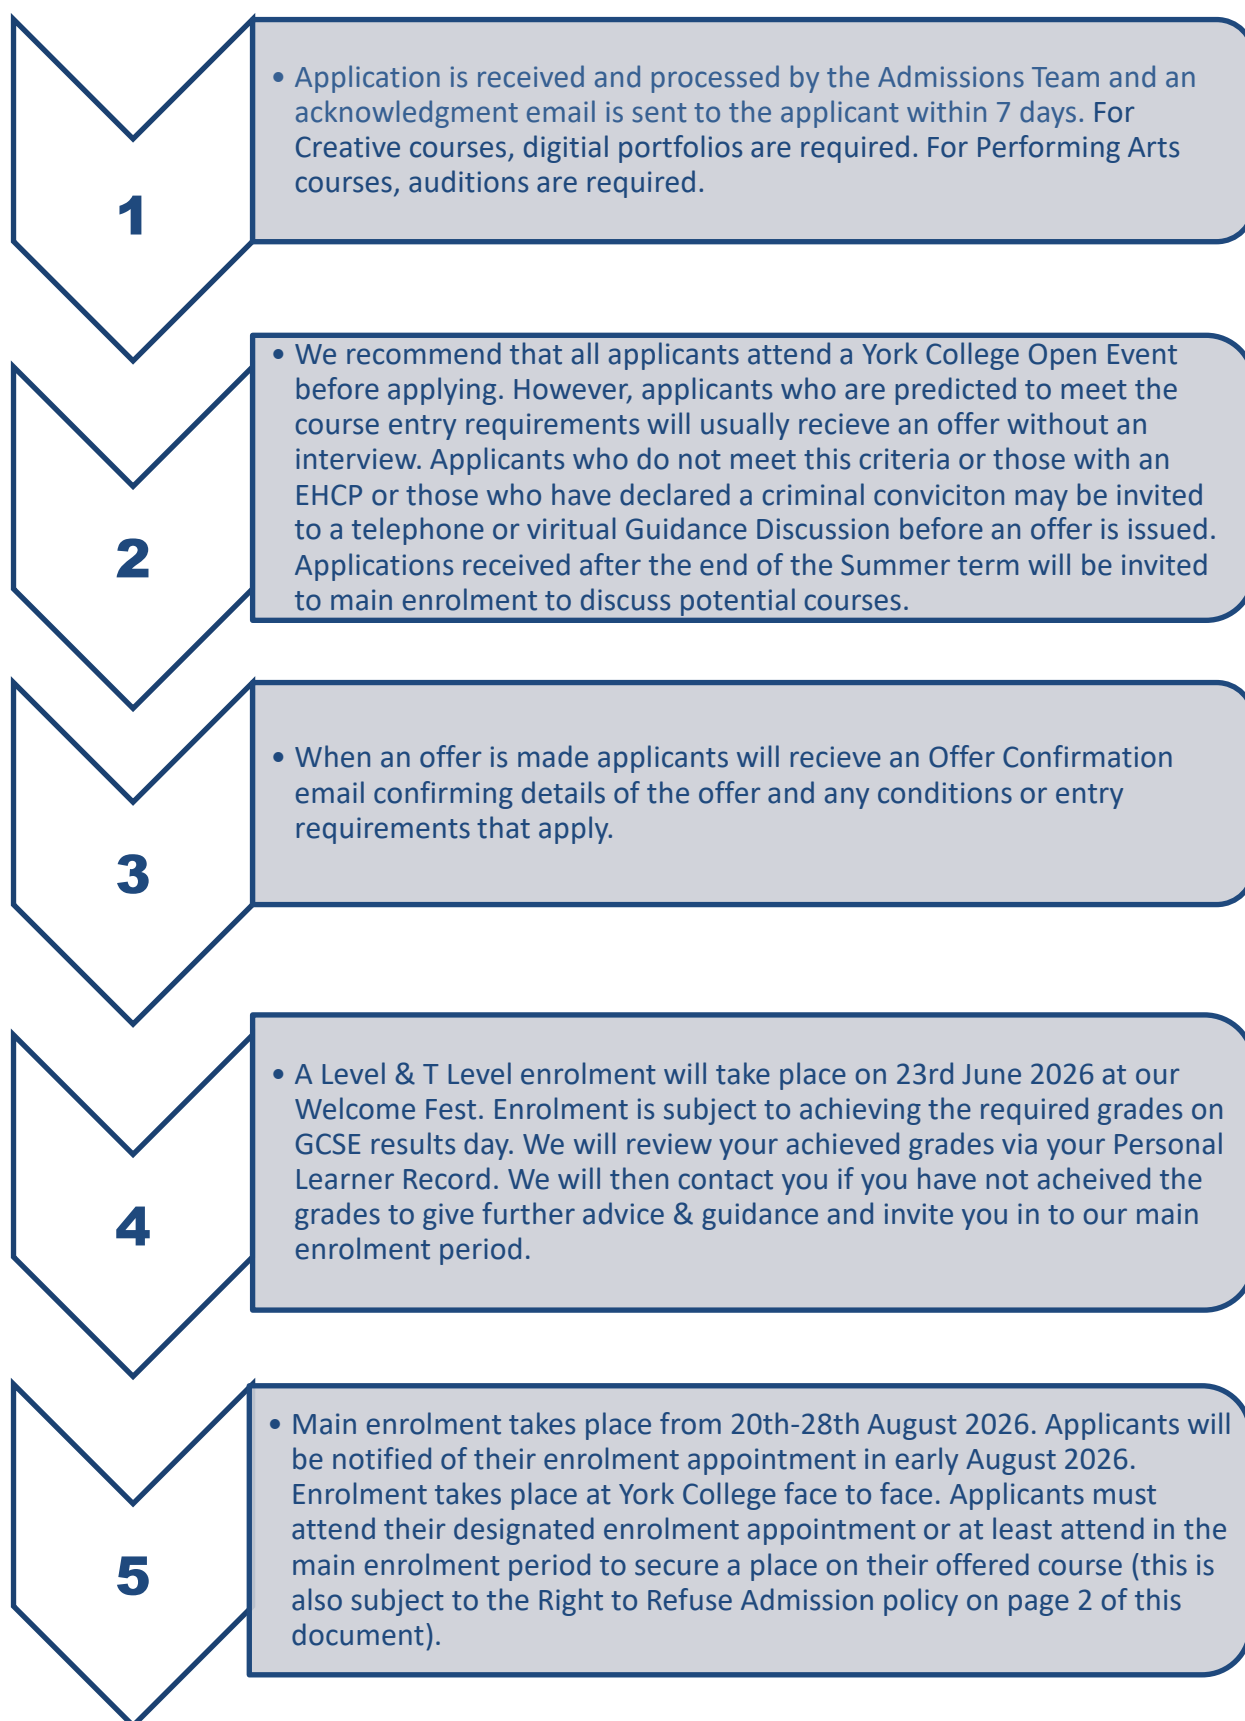

This is subject to review and change as needed.
