YOUR SUMMER TASKS

TASK - INDEPENDENT RESEARCH ON JURIES

(1) Watch the following video "Your Role as A JUROR" and make a note of some key points <u>Your role as a juror - YouTube</u> (12 minutes).

(2) Carry out your own independent research on juries and then make a set of notes on your findings. Notes should be a 1 x A4 page of typed notes (size 12 font) or handwritten, on: -

(a) The <u>qualifications</u> that jurors must have (who can and cannot be a juror, the reasons why people might be disqualified, excused or not eligible to serve on a jury).

(b) The <u>way a jury is selected</u> (including summons, vetting, challenges, and the jury of 12 is selected for a criminal case).

(c) The <u>role of a jury</u> (what a jury does in a criminal trial, which court do they sit in, what do they hear in court, where do they go to decide their verdict, how do they reach their verdict etc.,)

<u>TIPS</u>

- Type your name on the top of the paper, the date you complete the work and a heading <u>JURIES LAW SUMMER WORK</u>
- We study the "English Legal System" which is the law and legal systems in England and Wales. Your research should focus on juries in England and Wales- also ensure that your searches are limited to reputable and relevant sites. *We don't want to know about juries in the USA or other parts of the world.
- > Do your research first. Go online and search for English Juries in criminal cases.
- Read your research online and make handwritten notes of important things that you read. Jot things down on a piece of paper first.
- Write up the notes of your findings on your 1 x A4 (1 page online) of size 12 font notes.
- Use headings in your notes. Your headings should be (1) Jury Qualifications (2) Jury Selection and (3) The Role of the Jury in Criminal Cases
- The notes that you make should be typed up in your own words- do not simply copy and paste text from websites or things you have found on a google search. When you hand in work at York College, it can be put through TURNITIN, which

 identifies things taken from other people's work, copied from sites etc., We are wanting to see that you can read, understand, and then describe/explain your findings. We hope to see you write up what you have found out yourself- rather than simply copying and pasting things. This is what is expected of both A level and university (degree level) students. For typed work, always spell check work (if in Word, look for red and blue underlining and click on any to check or correct). Make your notes clear and easy to read. Try to remember your SPAG- use paragraphs, capital letters for names etc., PUT A LIST OF THE SITES YOU ACCESSED AT THE BOTTOM OF YOUR PAGE (DON'T WORRY IF THAT GOES OVER ONTO A SECOND PAGE) FINALLY PRINT OFF A COPY OF YOUR WORK AND BRING IT TO YOUR FIRST LAW LESSON- WORK CAN BE HANDWRITTEN ANSWERS- WRITE/TYPE HELPFUL LINKS/SITES (click oR RIGHT click AND OPEN LINKS /AS A HYPERLINK TO ACCESS THEM)S Your role as a juror - YouTube The Jury System (lawteacher.net) The role of juries, selection, challenges and disqualification Advantages and disadvantages of juries The zoites above are on YouTube- Learn Law With Hanah, playlists, lay people - the 2 videos on jurors/juries Everything you need to know about jury service ULaw Juror Notice General Version 1 March 20 2018.indd (publishing.service.gov.uk) Understanding the jury selection process - Inside HMCTS (blog.gov.uk) Role and Process of the Jury (youtube.com) PLEASE DO YOUR INDEPENDENT RESEARCH OF JURIES (ENGLISH LEGAL SYSTEM & CRIMINAL TRIALS.
