CENTRE

Construction & Engineering Centre

The ground floor plan of the Construction & Engineering Centre (CCG) is divided into several functional areas. At the top, there is a large area containing the Bricklaying Workshop CCG06A and the Joinery Workshop CCG13A. Below these, on the right side, is a Machine Room and a Fire Escape. The central part of the floor is occupied by the Bricklaying/Plastering Workshop CCG06 and the Joinery Workshop CCG13. To the left of the central workshops are Plastering Bays. At the bottom center is the Entrance Foyer, which includes a reception desk, a male WC, a female WC, an accessible WC, and a changing room. A lift is located near the entrance foyer. Stairs are marked with red icons in several locations: near the entrance foyer, near the Plastering Bays, near the Machine Room, and near the top right corner of the building. The plan also shows various storage areas and corridors connecting the different workshops and facilities.

Construction & Engineering Centre

The floor plan of the First Floor - CC1 is a complex layout with various rooms and facilities. The rooms are labeled with numbers: 103, 104, 105, 106, 111, 112, 113, 117, 118, 119, 121, 122, 123, 124, 127, 128, 134, 139, 140, 141, and 142. There are also two labs: Lab 1 - 142 and Lab 2 - 142. The plan includes a central HUB area, an Entrance Stair/Lift, and several restrooms (WC, Male WC, Female WC, Accessible WC). There are also changing rooms and stairs. The layout is color-coded: light blue for rooms, dark blue for corridors and common areas, and a very dark blue for the HUB and Entrance Stair/Lift area. The plan is oriented with the top of the building towards the top right of the image.
