

## YEAR 11

# TASTER DAYS

### ENRICHMENT SESSIONS

All students attending the Taster Day will spend the full day with us. Some students may not want to try the maximum number of subject sessions, or we may not be able to allocate you all of your choices (if there is a timetable clash or a subject is already full). In these cases you will have enrichment sessions added to your timetable. You can select your order of preference for these on the booking form and we will try to allocate your choices as best we can. You can choose from:

- Future Ready: Your Skills Uncovered
- Well-being: Coping with Change & Resilience
- Shaping Your College Experience
- Personal & Professional Development - Project You
- Quiz Solving Maths/Boosting Your Vocabulary
- Enrichment: Experience Some of Our Activities
